

Download American College And University Enrollment Trends In 1971

Additional Physical Format: Online version: Peterson, Richard E. American college and university enrollment trends in 1971. [Berkeley, Calif., Carnegie Commission on Higher Education, ©1972] While total undergraduate enrollment increased in 4-year institutions in 1971, there was a slight decrease of first-time freshmen enrollment in both public and private 4-year schools. The author also cited trends for 2-year colleges, and relates enrollment figures for graduate students, minorities, and women. Survey of 1200 institutions, with 12 statistical tables. (SP) College and University Enrollments in America, 1971-72: Statistics, Interpretation, and Trends In 2016, about 5.3 million students were enrolled in private colleges and 14.6 million in public colleges. From 1965 to 2016, total college enrollment increased by roughly 240 percent.
